

Gilda's Club Seattle cordially invites you to a special presentation

# MOSAIC

## OF COLON CANCER SURVIVORSHIP

## A Doctor and Survivor Speak Out on Advances in Colon Cancer Treatment

- Celebrate milestones and advances in **prevention, screening, and treatment** with a physician who will discuss how new options are helping patients live longer
- Listen to a colon cancer survivor share their journey, providing a personal perspective
- Join patients and their supporters throughout the country to create a mosaic of words and images expressing their experience with cancer – an artistic endeavor that will come together in New York to celebrate patients across the US
- Survivors, friends, and family are invited to listen, learn, and share

**Date:** December 11, 2008
